Personal Details

Date of Birth December 31st, 2001
Citizenship Chinese
Gender Male

Educations

- 10/2024 – **Master of Science in Math (Stochastics & Finance)**, Berlin Mathematical School, Berlin,
10/2026 Berlin, German,
(Expected) Advisor: *Prof. Dr. Peter Friz*.
- 3/2024 – **Visiting Internship Student for Research**, Department of Mathematics, The Hong Kong
6/2024 University of Science and Technology, Hong Kong SAR,
Host: *Prof. Dr. Maximilian Nitzschner*.
- 9/2020 – **Bachelor of Science in Math (Probability & Statistics)**, School of Mathematics and Statistics,
6/2024 Wuhan University, Wuhan, Hubei, China,
Thesis Title: Moderate Deviation of Gaussian Fluctuations for Coulomb Gases at Any Temperature,
Advisor: *Prof. Dr. Fuging Gao*
Overall GPA: 3.77/4.0 (89.8/100).
- 9/2017 – **Abitur**, Huizhou No.1 Middle School, Huizhou, Guangdong, China,
6/2020 Final Grade: Top 1‰ Provincewide.

Research Interests

My primary research interests lie in the area involving Probability and Analysis:

1. Stochastic Analysis and its Applications.

- Mathematical Finance
- Rough Analysis
- Stochastic Partial Differential Equations

2. Statistical Physics.

- Percolations
- Gaussian Free Fields and Interface Models
- Random Walks and Random Interlacements
- Schramm-Loewner Evolutions

Research Projects

- 5/2023 – **Lower Bound for Disconnection of Vacant Set in Loop Percolations**,
6/2024 Adviosr: *Prof. Dr. Maximilian Nitzschner*,
The principal aim of this project is to derive asymptotic lower on the probability that in a certain model of random walk loops on the integer lattice, a macroscopic set is disconnected from infinity by the trace of the loops. We also investigate the large deviation for occupation time field of loop soup.

Academic Experiences

- 7/2023 **Summer School Series on Probability and Related Fields: Masterclass in Random Geometry**, funded by Beijing International Center For Mathematical Research (BICMR), Peking University, Beijing, China.

Honors and Awards

- 12/2021 First Prize, Rank 16th, *the 13th China National Mathematics Competition for College Students, Wuhan*
- 5/2022 Finalist, Top 1‰, *the 4th Alibaba Global Mathematics Competition*
- 7/2022 Winner's Prize, Rank 19th Nationwide, *the 13th S.-T. Yau College Student Mathematics Contest, Statistics and Probability track (individual)*
- 11/2022 First Class, Top 3‰, *WHU Outstanding Mathematics Student Scholarship, Wuhan University, 2021-2022 Academic Year*
- 3/2023 Third Prize, *Finals of the 13th China National Mathematics Competition for College Students, Shanghai*
- 1/2024 Laureate, *Scholarship for Research Internship Student at HKUST (15,000 HKD/Month), Spring Semester*
- 2/2024 Laureate, *Phase I Scholarship for Student at Berlin Mathematical School (1,000 Euros/Month), 2024 - 2026*
- 5/2024 Merit Undergraduate, Top 20‰, , *Wuhan University*
- 6/2024 Laureate, Top 3‰, *Outstanding Bachelor's Degree Thesis Award, Wuhan University*

Technical Proficiencies

Computer C/C++, R, \LaTeX

Language Mandarin/Cantonese (Native), English (Fluent), Germany (Beginner)
